

BUSTLE & SEW PICTORAL PATTERN INDEX

Easily search through Bustle & Sew Magazine back copies to find the pattern you're looking for (or discover a new one of course!)

Includes issues 25 - 169

Welcome to the Bustle & Sew Magazine Catalogue

Since February 2013 every Bustle & Sew Magazine cover has included images of all the projects inside which makes them a great resource to search through and discover the pattern you've been looking for, a forgotten favourite or maybe even a design that's completely new to you.

The covers are organised chronologically and beneath each cover image there is a link in case you wish to purchase that issue from the Bustle & Sew store. The link will take you directly to the listing for that particular edition.

I have really enjoyed putting this catalogue together (a real trip down memory lane!) And I hope that you'll find it useful. I intend to update it on a yearly basis as new magazines are published.

Best wishes - and happy stitching!

Helen x

PS there are a couple of issues with no links. This is because that particular edition has become "lost" in the mists of time and it's not listed in store. Issue 100 is also omitted as this was a special anniversary edition, not a regular issue.
